Omar Al-Hai (UAE) – Member of the FISU Executive Committee

I had no doubt about Poland University Federation because I've been dealing with these people for a long time and this is my second time to be in Łódź. It

is a beautiful city and the city itself improved. For the championship, I have no doubt the OC work very hard and they did a good job, especially when we had the opening ceremony. It was simple and unique, it was really good, I liked it. This is a very cosy place and one thing I wish is that there were more countries, because the people here are ready for more than 15 or 20 countries but we're looking forward to that. Everything is so far, so good: the OC, the volunteers, the city and even the transportation and the weather. It's really nice.
