# Time to chill.

## Results

We are halfway through the tournament, so let's have a little break!

After 3 tough days of competing there was time for some relax and sightseeing. All Thursday afternoon was free for our athletes. They could join guided tour to see and hear about Piotrkowska Street and Manufaktura or do whatever they wanted to. We hope that they enjoyed their time because Bridge is waiting.

Meet Balint Lante, volunteer from Hungary, who took part in International FISU Volunteer Programme.

I: What do you think about Łódź?  
B.L.: Łódź is a beautiful city.

It's the first time I've ever been to Poland and of course this city too, it's really modern but there are also traditional buildings, so I love it.

I: What do you think about the organization of the championship?

B.L.: Everything goes according to the plan, the venue is good and it's great to be a part of it.

I: What do you think about bridge?

B.L.: I know hardly anything about it, but it must be very exciting for the players. I'm sure it's a more complicated game than it looks like.

**Do you know where WUC Bridge 2018 will be? That's right – China!** Wednesday was the day when future Organizing Committee meet with representant of present OC WUC Bridge (Przemysław Jagielski) and representant of FISU (Julien Carrel) to ask some question. That was best chance for Chinese to clarify the concerns and get answer what they should do to provide (maybe) even better event.

We hope that WUC Bridge 2018 will be succesfull!
