Geert Magerman – FISU Technical Delegate
 The organization is very good and I would say one of the best, maybe the best, team is organizing this event because I see a lot of enthusiasm and also very much professionalism in the organization. Not only the global things are good, but also all the details are taken care of and that is remarkable in this organization.

I think the Polish teams are very strong so they will in my opinion take one or two medals, but I hope they will have some competition, that there will also be some other teams also with some medals. I think it's quite a strong competition here and it will be very interesting to see how it will develop in the next days.

I was in Łódź 8 years ago, we had the same championship here, I was here also with mr Harry van de Peppel and we together had a very good impression of Łódź, the team here and also the city. Now it has developed enormously in those 8 years and we are happy to be here.
