City RZESZÓW

WE INVITE YOU

RZESZÓW | THE CAPITOL of INNOVATIONS

THE NEXT EDITION of OUR MEETING | SEE YOU!

3 days of sports competition, the fight for the titles of the Polish Championships of BaM Teams and for victory in the next tournament of the Grand Prix of Polish Couples series, with the simultaneous presence of the top Polish sports bridge is the shortest possible announcement of the 44th edition of the Podkarpackie Bridge Meeting (PMB), which will take place in the capital of Podkarpacie on **August 11-13, 2023**. The organizer of this event, which will take place at the Presidential Hotel, is the Podkarpackie Provincial Bridge Sports Association (PWZBS).

This year's edition of PMB will be unique in its own way. Not only because of the 10th jubilee edition of the championship competition (BaM Teams), but also the fact that we expect to see all the top Polish players at the start - says **Marek PIETRASZEK** - President of the Board of the Podkarpackie Provincial Bridge Sports Association (pictured above). Hence the belief that Rzeszów, hospitable and unique in its organization of championship events, will become a destination for everyone who wants to compete directly with the best competitors. We also want to invite representatives of our city to cooperate in the organization of our meeting. In our opinion, this is an expression of support for the promotion and development of sports bridge. We also want for this reason - which we treat as an honor for PWZBS - the competition could be held under the patronage of the Mayor of Rzeszów, and the Grand Prix of Polish Pairs Tournament, which ended the meeting, could be played for the Cup of the President - Mr. Konrad FIJOLEK.

We will make every effort to ensure that this bridge event, the most important for our Association and the entire region, in the form of the 3-day long Podkarpackie Bridge Meeting, will also take place in

comfortable conditions for the players and, as usual, in a pleasant atmosphere. We hope that thanks to the involvement of a large group of Partners and Sponsors based throughout Poland, all competitors will be able to both compete for prizes and medals for the winners of top places, as well as count on great sports emotions, regardless of the sports result achieved - adds V- ce President of the Board of PWZBS **Jacek SZCZERBA** and at the same time Director of the Meeting. Regardless of the presented sports level, the OPEN formula of the competitions (including the Polish Championships) allows you to confront your sports skills with the best.

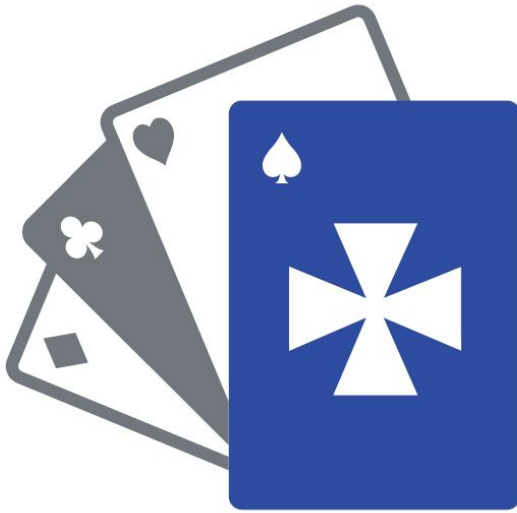

I would also like to emphasize the growing presence of large and strong Podkarpacie brands as Sponsors of the Podkarpackie Bridge Meeting in recent years, while encouraging all PMB participants to discover the charms of both the city and its immediate surroundings - it will certainly be worth coming back here.

We also believe that foreign guests will honor us with their presence.

A special invitation is addressed to our bridge friends from Spain, Lithuania, Canada and Slovakia who know the atmosphere of our bridge meetings perfectly well.

We cordially invite all lovers and supporters of sports bridge to take part in the competition and to support the actions of the best players fighting for the titles of the Polish Championships. There will certainly be plenty of sports emotions ... **See you in Rzeszów!**
